### **Description of Early Prevention Services (prior to a current, valid CPS report)**

Manassas City Department of Social Services provides a system of services to the general public and individual families. Manassas City does not utilize volunteers to provide prevention services. However, they use Family Partnership meetings (FPMs) in early prevention. The staff facilitates alternate living arrangements with relatives or non-relatives for a child at risk of removal and entering foster care (Foster Care Diversion). They also directly provide services to any of the 'diversion families' and/or birth families involved after they have facilitated an informal out of home alternative living arrangement

Manassas City Department of Social Services does not have specific staff devoted primarily to prevention. Nevertheless, they provide public education and awareness activities on prevention to the general public and early prevention services to individual families.
