## ABOUT US

### **History**

The National Safe Haven Alliance was established in 2004 as a federally identified 501(c)(3) organization dedicated to ending infant abandonment and infanticide throughout the nation.

### **Mission**

The National Safe Haven Alliance equips Safe Haven Providers and parents facing unplanned pregnancies with safe alternatives that prevent infant abandonment while providing holistic care for both parents and babies.

### **Virginia Safe Haven Law**

In Virginia, the Safe Haven law allows a parent to safely surrender their unharmed infant who is 30 days old or younger, to a staff member at a designated Safe Haven location: a hospital that provides 24-hour emergency services, an attended Emergency Medical Services (EMS) agency that employs emergency medical personnel such as some fire stations or rescue squads, or a newborn safety device located at and operated by such hospital or emergency medical services agency.
