The Valley Licensing Office will be sponsoring a training provided by the Virginia Department of Health. The purpose of the training is to share information about child passenger safety awareness and the importance of proper safety seat restraint use for children during transportation. This training is open to licensed family day homes, licensed child day centers, religiously exempt centers and certified preschools.

A brief presentation will also be provided by licensing on where to find information pertaining to the new federally mandated subsidy health and safety inspections and how it affects you.

There is no fee for this workshop. Snack foods will be provided. Participants will receive 3.0 training hours for attending the session. Training hours will be reduced for late arrivals and/or early departures. Please note that we love children, and children are our business, but training is not an appropriate setting for a child. Please make alternate arrangements for child care. Registration begins at 9:30 a.m. The deadline for registration is Thursday, April 13, 2017.

Directions to Bridge Christian Church will be provided upon registration confirmation via e-mail. Please e-mail Becky Zickefoose @ [becky.zickefoose@dss.virginia.gov](mailto:becky.zickefoose@dss.virginia.gov) to register for this training.
