An excellent opportunity for activities and learning in your family day home. I am sure that many of you have this book on hand or it can be obtained from most any library. Good luck and let me know how it works in your VR home.

Cynthia Carneal Heflin
Voluntary Registration Consultant.

American Academy of Pediatrics helps launch book campaign to fight obesity

The AAP and the Alliance for a Healthier Generation have launched a campaign to promote a healthy diet and lifestyle among children through the best-selling children's book "The Very Hungry Caterpillar," by Eric Carle. "This campaign provides a wonderful opportunity to teach children about healthy eating habits at a very young age, while fostering a love of books and language," said AAP President Dr. Marion Burton.
