Turn left onto Salem Avenue and proceed to Parking Garage on right).

PLEASE NOTE NEW CHANGES REGARDING PARKING INSTRUCTIONS FOR THE VTCP:

The VTCP validates for the parking garage at 33 W. Salem Avenue, Roanoke, Virginia, 24011. Effective May 1, 2017, you will need to park on the 1st and 2nd floor of the garage. Please do not park in the reserved parking spaces marked in yellow. Please bring your license plate number to the classroom. A form to enter this data will be placed in each classroom. Please ensure you fill out the form because not entering the data will result in your car being ticketed.

When you come out of the parking garage, take a right, then an immediate left on First Street. Walk one block and the building faces you on the corner of First Street and Campbell Avenue. This is the only parking facility validated, therefore, if you feel like you are unable to park at this facility, please make other arrangements.

The VTCP is located on the corner of Campbell Avenue and First Street, with entrances on both streets. The Training Center is located on the fourth floor (Suite 405), of the First Campbell Square Building (aka the old Miller and Rhoades Building). Take a left when you exit the elevator to enter the VTCP. Please call us with any questions.
