

CHILD ABUSE AND NEGLECT IN VIRGINIA

July 1, 2012– June 30, 2013

How many children were reported as victims of abuse or neglect in Virginia?

During SFY 2013 there were **51,346** children reported as possible victims of abuse and/or neglect in **33,861** completed reports which were accepted by Virginia's city and county departments of social services.

Who reported suspicions of abuse or neglect to departments of social service?

The majority of children were reported to departments of social service by school personnel (21.35%), relatives/parents (16.09%), law enforcement (14.69%) and the medical community (8.25%).

What were the outcomes of these reports?

There were **6,205** children in founded investigations. Founded means that a review of the facts gathered during an investigation met the preponderance of the evidence standard.

There were **8,848** children involved in unfounded investigations.

There were **36,293** children involved in reports that received a family assessment. This means that a Child Protective Services worker completed a family services needs assessment with these families and developed a written safety plan and provided or arranged for services, if needed.

What were the types of maltreatment in founded investigations?

In some reports, more than one type of maltreatment may have occurred. Of all the instances of maltreatment in completed founded investigations:

- **56.42%** of the maltreatment was due to physical neglect, a failure to provide food, clothing, shelter or supervision to the child to the extent that the child's health was endangered.
- **25.74%** of the maltreatment was due to physical abuse.
- **12.18%** of the maltreatment was due to sexual abuse.
- **2.38%** of the maltreatment was due to mental abuse/neglect.
- **2.34%** of the maltreatment was due to medical neglect.

Who were the children in founded investigations?

AGE**

- **30.23%** of all victims were children younger than 4
- **42.77%** of all victims were children aged 4 -11
- **22.97%** of all victims were children aged 12-17

**The age of 3.93% of the victims was unknown.

RACE***

- **67.22%** of all victims were white
- **33.95%** of all victims were black
- **1.09%** of all victims were Asian

***The race of .95% of the victims was American Indian, Native Hawaiian or unknown.
