New Co-payment Scale and Maximum Reimbursable Rate Increase for Level 2 Vendors

August 4, 2014

Dear Child Care Vendor:

The Division of Child Care and Early Childhood Development is pleased to announce two important changes which will impact parents receiving child care subsidy assistance and vendors participating in our program. Effective September 1, 2014, a new family co-payment scale and an increase in the Maximum Reimbursable Rates (MRR) will be implemented. The co-payment scale is based on family size and income and will reduce the co-payment amount for many families. The new co-payment scale will apply to all families who have a co-payment.

Also effective September 1, 2014, will be an increase in the Maximum Reimbursable Rates (MRR) for Level 2 vendors. The new reimbursement rates will increase rates for most age groups and will impact Level 2 vendors only.

Revised Purchase of Service Orders (POSO) reflecting these changes will be generated and mailed to all impacted vendors during the month of August with an effective date of **September 1, 2014**. Please be sure to review, sign and return the POSOs to the assigned local department of social services within five days. Please keep a copy of the POSO for your records.

Please contact your local department of social services if you have any questions regarding this information.
