Page 169-170, 184: Virginia's Milestones of Child Development Virginia is working across stakeholders and experts to develop a unified set of early learning and development (ELD) standards for children ages birth to five. Once finalized, these standards will replace the Department of Social Services' *Milestones of Child Development* and the Virginia Department of Education's *Foundation Blocks for Early Learning* documents. Programs will be able to phase in the use of the new birth-five standards, with expected use beginning in 2021-2022.
