7.3. Distribution Process:

Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about State legislative approval or other types of administrative approval (such as approval by a board or commission).

Upon receipt of a funding letter from HHS (currently received each quarter), VDSS/OVCS begins by determining the amount of funds to be distributed to each entity. According to Virginia Administrative Code, 22VAC40-901-20, all increased state or federal funds shall be distributed to local community action agencies based on the following formula: 75% based on low-income population, 20% based on number of jurisdictions, and 5.0% based on square mileage served. This formula shall be adjusted to ensure that no agency receives less than 1.5% of any increase. Because of the allocation formula outlined above once the state receives our funding letter from OCS, it takes about 2 days to complete the allocation. Upon completion of the allocation, budget solicitation documents are created for internal use, and contract documents are created to be sent to eligible entities. These are distributed for signature, and returned. This process takes at least a week, usually more for some of the public entities. After receiving the returned documents, they are routed through the signature process in VDSS. This can take 7 to 14 days. Fully executed documents are then returned to the eligible entity.

7.4. Distribution Timeframe:

Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? Yes No

7.4a. Distribution Consistency: If no, describe State procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: Item 7.4 is associated with [State Accountability Measure 2Sa](#) and may prepopulate the State's annual report form.

7.5. Performance Management Adjustment:

Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with [State Accountability Measure 2Sb](#) and may prepopulate the State's annual report form.

The state has increased electronic distribution of contracts, and we also have the ability to receive the signed copies electronically, which allows us to speed up the process. The state has also streamlined staff responsibilities and created internal procedures surrounding contract administration, these coordinated efforts have brought improvements to the contract administration process.

7.9. Remainder/Discretionary Funds Use: Does the state have remainder/discretionary funds, as described in [Section 675C\(b\)\(1\)](#) of the CSBG Act?

Yes No

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below.

Year One (0.00%)	5.00%	Year Two (0.00%)	5.00%

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.

8.1a. Training and Technical Assistance Budget: The planned budget for the training and technical assistance plan (as indicated in the Remainder/Discretionary Funds table in item 7.9):

Year One	\$0	Year Two	\$0
-----------------	-----	-----------------	-----

8.1b. Training and Technical Assistance Collaboration: Describe how the state will collaborate with the State Association and other stakeholders in the planning and delivery of training and technical assistance.

The CSBG State office works directly with VACAP (the state Association) to identify training needs through an annual training/ta survey, sharing of information on needs identified in monitoring or association contacts, and roundtable discussions at two State Association meetings a year. The information gathered in the survey is analyzed by both CSBG State Office staff and State Association staff members and a combined training and technical assistance plan is developed through emails, phone calls, and in-person planning sessions. The State Office collaborates with the State Association to

develop the training agenda for both State Association conferences, and presents training sessions and leads peer groups at the conferences. The State Office focuses on developing intensive trainings that can be delivered regionally for all agencies and conducts monthly webinars, and the State Association focuses primarily on individual training/ta needs of agencies, especially in situations in which agencies need hands-on immediate assistance.

8.2. TAPs and QIPs: Does the State have Technical Assistance Plans (TAPs) or Quality Improvement Plans (QIPs) in place for all eligible entities with unmet organizational standards, if appropriate? Yes No

Note: This information is associated with State Accountability Measure 6Sb. QIPs are described in Section 678C(a)(4) of the CSBG Act. If the State, according to their corrective action procedures, does not plan to put a QIP in place for an eligible entity with one or more unmet organizational standards, the State should put a TAP in place to support the entity in meeting the standard(s).

8.2a. Address Unmet Organizational Standards: Describe the state's plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. CSBG State staff conduct monthly calls and check ins with each eligible entity. During those calls guidance is provided on unmet Organizational Standards. State staff have developed work plans with each eligible entity to ensure they are working towards meeting unmet standards, and working towards beyond compliance for all standards that are met. State staff has also compiled a listing of all unmet standards across the state and have provided and continue to provide webinars and training's for the unmet standards. State staff provides in-person technical assistance on the data system in which organizational standards information is uploaded, and develops training on the standards that are most unmet (i.e., state office staff have developed board governance, community needs assessment, strategic planning, facilitation, and risk assessment trainings as a direct result of organizational standards information).

8.3 Training and Technical Assistance Organizations: Indicate the types of organizations through which the State plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement [Check all that apply.]

- CSBG eligible entities (if checked, provide the expected number of CSBG eligible entities to receive funds)
- Other community-based organizations
- State Community Action association
- Regional CSBG technical assistance provider(s)
- National technical assistance provider(s)
- Individual consultant(s)
- Tribes and Tribal Organizations
- Other State CSBG Office

8.4. Performance Management Adjustment: Describe adjustments the State made to the training and technical assistance plan under this State Plan as compared to past plans. Any adjustment should be based on the State's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 3Sd may pre-populate the State's annual report form

The State Office is now focusing on regional in person training's and monthly training webinars. The state association will be focusing on individual agency needs. In response to a question about the State Plan from OCS with regard to how Technical Assistance/training is provided with \$0 assigned to that function. The State Staff provide multiple trainings each year, both in person regional trainings, and webinar trainings. The State Staff also travel to Eligible Entities throughout the year to conduct technical assistance. Considering discretionary funds are not available as per our State Code (all discretionary funds go to statewide community action agencies), we utilize the state Admin budget to provide these trainings and conduct the technical assistance.

<i>Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6., and pre-populates the Annual Report, Module 1, Item G.2.</i>	
The State administers CSBG in a diverse state with varied needs. The State's strategy centers on ensuring local coordination through local services providers. The State requires eligible entities to coordinate services at a local level. The annual community action plan describes the eligible entities efforts within their service area. Eligible entities should work with city, county, schools, non-profits and other local and regional organizations to avoid duplication of services with other providers. Eligible entities are encouraged to participate in local social service and regional coalitions and taskforces to coordinate services.	
9.3. Eligible Entity Linkages and Coordination

<i>Note: This response will link to the corresponding CSBG assurance, item 14.5.</i>	
The state requires eligible entities to coordinate funds at the local level. The annual community action plan has to describe coordination efforts with other organizations. The state will review these linkages and coordination efforts through quarterly reports and through the application.	
9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps: Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.	
<i>Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.</i>	
Eligible entities must submit a Community Action Plan annually to the state. This document includes a section where eligible entities describe any gaps in services and the strategy that will be used to address the gaps. If a gap is not currently being addressed or not being sufficiently addressed, entities are instructed to develop and implement a strategy to work with other organizations in their local communities.	
9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities: Does the State intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the	

Workforce Innovation and Opportunity Act (as required by the assurance under [Section 676\(b\)\(5\)](#) of the CSBG Act)? Yes No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a WIOA Combined Plan: If the State selected "yes" under item 9.4, provide the CSBG-specific information included in the state's WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

CSBG entities that operate an employment or training activity are included in the WIOA Combined State Plan, one example is Clinch Valley Community Action operates a job readiness program and information on that program is included in the WIOA State Plan. Also, there is a representative of Community Action on the State Workforce Board and several Community Action Representatives are on the local Workforce boards.

9.4b. Employment and Training Activities: If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

9.5. Emergency Energy Crisis Intervention:

Describe how the state will assure, where appropriate, that emergency energy crisis intervention programs under Title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the state, as required by the assurance under [Section 676\(b\)\(6\)](#) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

The Energy Assistance Program is administered by a separate DSS office and consists of three components: Fuel Assistance, Crisis Assistance and Cooling Assistance. The Program purpose is federally defined. The federally defined purpose of the Fuel Assistance Component is to assist low-income households, particularly those with the lowest incomes, which pay a high proportion of household income for home energy, primarily in meeting their immediate home energy needs. The benefit is not intended to meet the household's total home energy cost during the heating season. The purpose of the Crisis Assistance Component is to assist households with energy related emergencies that cannot be met by Fuel Assistance or other resources. Annually, CSBG eligible entities must submit a Community Action Plan to the State. As part of their plan, CSBG eligible entities describe the organizations with which they coordinate services, including private and public organizations. They also provide an agency wide budget, which is an overview of the funds they receive as an agency. Many of the CSBG eligible entities obtain either in-kind assistance or funds from local governments to support the programs that they administer, including donations of space in local government facilities to be utilized by eligible entities to provide CSBG supported services.

9.8. Coordination among Eligible Entities and State Community Action Association:

Describe State activities for supporting coordination among the eligible entities and the State Community Action Association.

Note: This information will pre-populate the Annual Report, Module 1, Item G.5.

The State works closely with the Virginia Community Action Partnership (VACAP). The State follows Generally Accepted Accounting Principles (GAAP) and GASB (Government Accounting Standards Board) pronouncements with respect to our accounting practices while adhering to state and federal law as to the allowable spending of Block grant funds. Our system or accounting string in FAAS/CARS allow us to segregate expenditures by fund, program, cost code, project, etc. and allows for a clear delineation of each type of transaction. Therefore it is easy to categorize or group expenditures specifically as it relates to CSBG or any grant for that matter. Our state auditors coupled with the federal monitoring/audits of our various programs ensure the integrity of our transactions and the reporting of them.

10.13. Assurance on Federal Investigations:

The State will "permit and cooperate with Federal investigations undertaken in accordance with [Section 678D](#)" of the CSBG Act, as required by the assurance under [Section 676\(b\)\(7\)](#) of the CSBG Act. Yes No

We have also made slight modifications to the monitoring letter in order to be clearer.

Section 676B of the Community Services Block Grant Act and Section 2.2-5403 of the Virginia Community Action Act both require eligible entities to have a tripartite governing board in order to be a community action agency. Virginia statutes provide that, in the case of a public community action agency, the local governing body determines the authority of the tri-partite advisory board. As part of their annual application to the State, agencies must submit a listing of board members detailing the tri-partite structure of the board, current terms, and other information. These listings are reviewed prior to execution of annual CSBG contracts and again as part of the monitoring process. In addition, during on-site monitoring reviews, agency by-laws are reviewed to ensure that tri-partite board structures are maintained. State staff conduct monthly calls with each agency and discuss the tri-partite board on each monthly call to determine vacancies and discuss best practices in regards to obtaining a full tri-partite board. OVCS strongly recommends that agencies fill board vacancies within 90 days. And finally, community action agencies in Virginia are required to have procedures in their by-laws to ensure that various community stakeholders who feel they are underrepresented can petition for adequate representation on the tripartite board.

11.4. Tripartite Board Alternative Representation: Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the State to assure decision-making and participating by low income individuals in the development, planning, implementation, and evaluation of programs" as allowed under Section 676B(b)(2) of the CSBG Act. Yes No

<p>Section 676B of the Community Services Block Grant Act and Section 2.2-5403 of the Virginia Community Action Act both require eligible entities to have a tripartite governing board in order to be a community action agency. Virginia statutes provide that, in the case of a public community action agency, the local governing body determines the authority of the tri-partite advisory board. As part of their annual application to the State, agencies must submit a listing of board members detailing the tri-partite structure of the board, current terms, and other information. These listings are reviewed prior to execution of annual CSBG contracts and again as part of the monitoring process. In addition, during on-site monitoring reviews, agency by-laws are reviewed to ensure that tri-partite board structures are maintained. State staff conduct monthly calls with each agency and discuss the tri-partite board on each monthly call to determine vacancies and discuss best practices in regards to obtaining a full tri-partite board. OVCS strongly recommends that agencies fill board vacancies within 90 days. And finally, community action agencies in Virginia are required to have procedures in their by-laws to ensure that various community stakeholders who feel they are underrepresented can petition for adequate representation on the tripartite board.</p>

15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of

the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about--

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
