

ANNUAL FEE ALERT!

FEE AMOUNT CHANGES

Effective July 1, 2019, the annual fee for Child Support services is increasing due to a change in federal law. **You are entitled to receive a certain amount of support before any fee is collected.** That amount is also going up.

HOW DOES THIS AFFECT ME ?

If you are receiving Child Support services and have never received Temporary Assistance for Needy Families (TANF), the annual fee will be increased to \$35 (Previously \$25). You are still entitled to receive a certain amount of support before the fee is collected. The fee is due after you have received \$550 (previously \$500) in support payments during the year.

- If you have more than one child support case, each case will be assessed the fee
- If you would like to learn more about these services, visit www.dss.virginia.gov or contact our customer service center at (800)-468-8894
