Description of Early Prevention Services (prior to a current, valid CPS report)

Charles City provides a system of services to the general public and individual families. Charles does not utilize volunteers to provide prevention services. However, they use Family Partnership meetings (FPMs) in early prevention. The staff facilitates alternate living arrangements with relatives or non-relatives for a child at risk of removal and entering foster care (Foster Care Diversion). They also directly provide services to any of the ‘diversion families’ and/or birth families involved after they have facilitated an informal out of home alternative living arrangement

Charles City does not have specific staff devoted primarily to prevention. Nevertheless, they provide public education and awareness activities on prevention to the general public and early prevention services to individual families.
