SUBJECT: Virginia Department of Health COVID-19 Long Term Care Facility Vaccine Bridge Program

The Virginia Department of Health (VDH) recently shared its [COVID-19 Vaccine Management Plan for Long Term Care Settings](#). This plan includes information on the Long Term Care Facility (LTCF) Vaccine Bridge Program. The mission of this program is to support the LTCFs for ongoing needs between the end of the CVS/Walgreens arrangement and the inclusion of the COVID-19 vaccine in their normal pharmacy infrastructure.

LTCFs should communicate their needs to VDH through their contracted pharmacy provider and/or the current REDCap intake form linked here:

- [REDCap Survey: COVID-19 Vaccine Request Form for Long Term Care Facilities](#)
