       Division of Licensing Programs

RE: Revised Child Care Applications

The current child care applications have been revised to reflect the 2020 legislation requiring out-of-state background checks for the criminal history name check and sex offender registry from any other state a person has resided in the past five years. See the provider memo link here for more information. Also added, the requirement of an out-of-state background check for the child abuse and neglect registry in any other state a person has resided in the past five years.

The Division of Licensing Programs will continue to accept the previous applications until June 30, 2021. It is recommended that the revised applications are used to ensure all background check information is received. However, if you are using the previous version of the child care application, the out-of-state background checks are required and the background check information must be available for review by the licensing inspector.

Please contact your licensing inspector with any further questions.
