Dear Virginia Child Care Provider:

We want to inform you that on August 7, 2020, the Virginia Department of Social Services (VDSS) will be emailing a survey to child day care providers in Virginia, including child day care centers, religious-exempt centers, family day home programs (licensed, voluntarily registered, or not licensed/regulated), family day system, programs approved as subsidy vendors, and certified preschools. As the primary contact for your child care program, you will be sent an email invitation to respond to a survey about how Covid-19 and current Phase III child care re-opening guidelines is currently impacting your child care program. The email message, with the title "Virginia Child Care Provider Survey: We want your opinion", will contain a link that will take you to an online survey ministered via SurveyMonkey. The sender will appear as gail.jennings@dss.virginia.gov via SurveyMonkey <member@surveymonkeyuser.com>.

When you receive the email invitation, please do not forward it to another staff member within your organization. The invitation is uniquely linked to your email address so that we can track who received the survey.

****In case you do not see the survey email invitation in your email inbox, please check your spam folder. You can move the message from the spam folder to your inbox. Another issue preventing email invitations from reaching your inbox is that your organization's computer network firewall may be blocking the email message. Please contact your IT department for assistance.

If you have any questions about receiving or opening the survey, contact the VDSS Office of Research and Planning at research@dss.virginia.gov. Thank you!
